II Replacement of Treasurer: George Stuart is to replace Roderick Arias on the Board.

III New Business: Welcome George Stuart our new Treasurer, GNO recap, it was the consensus of the committee to get rid of GNO as to many merchants complain it does nothing for their business. We are considering replacing GNO with an app, the DMDA will pay for all merchants to be on it for first year. David Ingerman and Emily Colback gave an overview of the app and how it will work. It could connect to the parking Mpay app and will have special offers and events pages. The Farmers have all returned their packets and we have one new Organic farmer, as the old one was not returning. Noah Kudman is going to be our intern for a few weeks this summer to help with the promoting of the Farmers market. Rick Delansky is not returning to clean the streets so we are looking for a replacement.

III Old Business: GNO recap, see above.
